

Privacy Policy for Venture Last Updated: March 20, 2026

1. Introduction Welcome to Venture. We are committed to protecting your privacy and being transparent about how we handle your data. This Privacy Policy explains what information we collect when you use the Venture iOS app and how we use it.

2. Data We Collect To provide you with our curated city guide and premium venue recommendations, we collect the following minimal data points:

- **Email Address & Generated User ID:** Collected securely during the sign-up process to create, authenticate, and manage your account.
- **Location Data:** We request access to your device's location strictly while the app is in use. This allows us to show you venues near you and calculate accurate distances.

3. How We Use Your Data We use your data solely to provide the core functionality of the Venture app.

- We **do not** sell your personal information or email address to third parties.
- We **do not** track your location in the background when the app is closed.
- We **do not** use your data for targeted advertising or track you across other apps and websites.

4. Data Storage and Security Your data is securely stored using industry-standard cloud providers (such as Amazon Web Services). We implement strict security measures to ensure your email and authentication tokens remain safely encrypted.

5. Account Deletion & Your Rights You have full control over your data. You can completely delete your account, your email, and your user profile at any time directly within the Venture app by navigating to the Profile tab and selecting "Delete Account." This action is permanent and instantly removes your data from our active databases.

6. Contact Us If you have any questions about this Privacy Policy or how your data is handled, please contact us at: tech@ventureapp.co
